

Cartoon Anime Character Maker - AI Mirror is an innovative AI Art Photo Editor designed to transform your photos into a plethora of artistic styles. With AI Mirror, you can animate your avatars, cartoon your selfies, and create your game characters, offering a wide range of visual transformations from anime styles to realistic visuals. The app allows users to craft their cartoon avatars, become their favorite PS2 game NPCs, or even step into the shoes of memorable film roles.

The app's features include the AI Magic Brush for stunning visual transformations, AI Photo Enhancer for improved photo quality, and an AI Eraser to remove unwanted elements. The much-loved AI Video feature converts videos into animations or dynamic movie-style visuals. The 'Decorate my creation' option provides templates and stickers to add a personal touch to your images.
