Face Dance is an innovative photo manipulation app that transforms your static selfies into dynamic animations. It offers a creative platform where you can animate your photos with an array of 19 lively animations. The app breathes life into your pictures, turning them into vibrant, living masterpieces with just a few clicks.

Beyond animation, Face Dance allows users to accessorize their photos with stylish glasses and headwear, infusing them with personality and a touch of whimsy. The app elevates your snapshots to a new level of style and expression, making a fashion statement or adding fun elements effortlessly.

Moreover, Face Dance enriches your photos with a variety of special effects. From a light drizzle of raindrops to a playful swirl of bubbles, or even the retro allure of a silent film effect, these features are designed to give your images a unique and captivating look.

Face Dance invites users to explore their creativity and share their animated selfies with friends or on social media. The app is designed with a user-friendly interface, making it accessible for everyone to enjoy the magic of bringing photos to life. Embrace the future of photography with Face Dance and see your selfies in motion like never before.
