Why Use The Top Tens for Link Building?

Links from The Top Tens deliver meaningful link equity, making it a worthwhile addition to any link-building campaign. Search engines like Google use backlinks as a key ranking factor, and links from established platforms carry more weight than those from unknown websites. By building a presence on The Top Tens, you create a natural backlink that search engines can trust.

The Top Tens carries a Domain Authority score of **65** paired with a Page Authority of **58**, making it a **solid mid-tier authority** domain. The Ahrefs Domain Rating of **68** validates the quality of its inbound links, and a PageRank of **4** speaks to the enduring trust this domain commands.

In search engine optimisation, not all backlinks are created equal. Links from high-authority platforms like The Top Tens carry significantly more weight than those from low-quality or unknown websites. Search engines evaluate the quality, relevance, and authority of each linking domain when determining how much ranking benefit to pass along. This is why securing a presence on well-established platforms should be a priority in any link-building campaign.

How to Build Your Backlink

Create your account on The Top Tens and invest a few minutes in building a credible profile. Add a professional description, a relevant profile image, and accurate contact information where appropriate.

When adding your backlink, context is everything. Place your link within relevant content that provides genuine value to readers. Avoid over-optimised anchor text — instead, use natural phrases that describe what users will find when they click through to your site.

After establishing your link, monitor your analytics to track referral traffic from The Top Tens. This data helps you understand which platforms deliver real results, allowing you to focus your link-building efforts where they matter most.

Tips for Success

- Pay attention to the platform's terms of service — violating them can result in your profile and links being removed.
- Focus on building genuine engagement on The Top Tens rather than treating it purely as a link farm — authenticity improves both SEO and direct traffic.
- Include your branding consistently so that search engines can associate your links with your overall web presence.
- Use descriptive, natural anchor text rather than generic phrases like *click here* or over-optimised keywords.
- Monitor your backlink using tools such as Google Search Console to confirm it is being

indexed and passing value.
