

KaboomPics is an active resource focused on free curated photoshoots with cohesive sets covering lifestyle, interiors, fashion, food, business, travel, people, and textures. Review the current asset page and license before using any image commercially, because provider terms and individual-file restrictions can change.

What KaboomPics offers

KaboomPics is an active resource focused on free curated photoshoots with cohesive sets covering lifestyle, interiors, fashion, food, business, travel, people, and textures. The original list described it this way: “Several different categories of photos, updated daily.”

Best uses

KaboomPics is most relevant for cohesive campaign sets, social feeds, lifestyle brands, interior design, fashion, food, beauty, and modern business content. Search by the subject, orientation, visual style, and required output size rather than choosing an image only because it is free.

Licensing and commercial-use considerations

Kaboompics advertises free commercial use but applies its own terms, and some assets may be marked editorial-only. Check the badge and license on each image; do not assume every result has identical permissions.

“Royalty-free” does not automatically mean no-cost, public domain, or unrestricted. Copyright permission also does not necessarily clear trademarks, artwork, private property, publicity rights, or a recognizable person’s likeness.

What to check before downloading

- Open the specific asset page and save its current license or receipt with your project records.
- Confirm whether attribution, modification, an extended license, or an account is required.
- Check restrictions on resale, print-on-demand products, templates, logos, redistribution, sensitive topics, and AI training.
- Verify model and property releases when identifiable people, interiors, artwork, or private locations appear.
- Make sure the resolution, crop, file format, and visual style fit the final placement.

Provider availability, pricing, and terms can change. This overview is a research starting point, not legal advice or a substitute for the provider’s current license.
