

Managing your site's reputation. **Monitoring for attacks** and negative SEO.

\$500 - \$1,500 Duration: Ongoing

Guard Your Reputation

Competitors or malicious bots can attack your search rankings by spamming your site with toxic links. We provide vigilant monitoring to detect these threats before they damage your domain authority.

This service acts as an insurance policy for your SEO investment.

Protection Features

Toxic Monitor

Continuous scanning for sudden spikes in low-quality backlinks pointing to your site.

Alert System

Immediate notifications if negative SEO patterns are detected.

Brand Tracking

Monitoring brand mentions across the web to manage your reputation.
